

5000 Series Rotors Featuring Rain Curtain™ Nozzle Technology

RAIN BIRD®

Relax with the knowledge your landscape is being watered by reliable 5000 Series Rotors and industry-leading Rain Curtain Nozzle Technology.

Application:

Rain Bird® 5000 Series Rotors are ideal for medium to large-size lawns and evenly distribute water from 25 to 50 feet.

Outstanding Results:

SUPERIOR DISTRIBUTION UNIFORMITY

The 5000 Series Rotors with Rain Curtain Technology are engineered to deliver a uniform spray pattern, giving you a consistently green lawn throughout.

SUPERIOR WIND RESISTANCE

The larger water droplets produced by Rain Curtain technology prevent misting and airborne evaporation so the right amount of water is delivered to the right place, saving you water and money.

SUPERIOR CLOSE-IN WATERING

Gentle close-in watering eliminates dry spots around the rotor, prevents seed washout and allows the turf to grow healthy with no matting or bending.

Options:

- 4", 6" and 12" pop-up heights for varying grass or shrub heights.
- Stainless steel riser that is vandal resistant.
- Seal-A-Matic (SAM) check valve which prevents water from pooling at the base of slopes or hillsides.
- Pressure Regulating Stem (PRS) which regulates pressure at the head, assuring optimum performance.
